STATEMENT

I'm a former IT nerd turned UX/UI Designer who loves building user-driven products that embody simplicity and functionality.

EXPERIENCE

- 2016 **WCCDA Project** *UX/Visual Designer*
In this role, I worked with the White Center Community Development Association to redesign their website.
- 2016 **Destination Lighting** *UX Designer*
In this role, I helped Destination Lighting identify their customers and redesigned webpages.
- 2016 **General Assembly** *UX Designer Student*
This is a 10 week immersive course, focusing on all aspects of UX design.
- 2014 - 2015 **Trupanion Pet Medical Insurance** *IT Support Engineer*
In this role, I provided technical support for internal employees & network infrastructure.
- 2013 - 2014 **Stash** *Creative Lead & Co-founder*
As Creative Lead for this startup, I was responsible for designing a user experience, product vision, brand and helping with overall company strategies as co-founder.
- 2010 - 2013 **Microsoft** *IT Technician*
As an IT technician, I worked on numerous client machines, troubleshooted different systems, maintained high volume workload, and provided customer service.
- ## EDUCATION
- 2015 - 2016 **General Assembly**
User Experience Design Immersive Course
- 2009 - 2011 **South Puget Sound Community College**
Associate of Arts (AA)
